LEAGUE DIVISION FORMAT

The 1st and 2nd Division are round-robin competitions comprised of home and away fixtures. Each team will play all other teams in their division twice, once at home and once away.

The final standings will be determined by the number of points accumulated once all fixtures have been completed.

FIXTURE WINDOWS

Teams will play one match in each fixture window. A fixture window is approximately 2-3 weeks. Fixture windows will be published online immediately after the league registration deadline.

ARRANGING FIXTURES

Team Captains are responsible for arranging fixtures. Contact information for each Captain will be shared amongst their counterparts via a private WhatsApp group chat.

Within the 1st week of each fixture window the home team Captain must provide [3] dates within the fixture window (evenings or weekends) to the away team Captain.

If the away team is unable to fulfill either of these [3] dates the away team forfeits the fixture.

If the home team Captain does not provide [3] dates within the first week of the fixture window the home team forfeits the fixture. A forfeit is designated an 11-3 loss.

Once a fixture date has been agreed upon it must be communicated to the League Organiser in the WhatsApp group chat so it can be scheduled in the league software Coral.

MATCH FORMAT

Each team can field between [4] and [6] players at the start of a match.

Up to [4] substitutions can be made in the match. Substitutions can only be made between sections (see Match Order). Once a player is substituted they cannot re-enter the match.

Each match consists of [14] sets. Each set is a race to [5] goals. If a set is level at 4-4, play continues into overtime until there is a [2] goal difference, up to a ceiling of [8] goals (8-7 is a win).

Each team is allowed [1] time-out per set with an additional [1] time-out each in overtime.

The winner of the match is determined by the team with the most set victories.

MATCH PROCEDURE

The away team gets the choice of which side of the table they will play on for the duration of the match.

If the match is played on a coin or card-operated table, or a table requiring a paid booking, the home team pays for the match.

At the start of the match a coin is flipped to decide which team starts with the ball. Thereafter, kickoff alternates with each set.
